IT'S REAL

Kids Around the World

Joseph lived far away from home when he was in Egypt.
Joseph wore different clothes and spoke a different
language than his brothers did. His brothers didn't even
recognize him! Many kids live far away from us, but they're
like us in many ways.

In Africa, kids play sports like football, which we call "soccer," and watch TV.

In Japan, kids ride bikes.

All around the world, kids swim in the sea. Brothers and sisters around the world may wear different clothes and speak different languages, but we all belong to God's family.

God can make all things good.
